Dear Chairwoman Granger and Ranking Member DeLauro,

I am requesting funding for the Berwyn Fire Company/ EMS Station Infrastructure Project in fiscal year 2024. The entity to receive funding for this project is the Berwyn Fire Company, located at 23 Bridge Avenue, Berwyn, PA 19312. The funding would be used for the sitework construction/demolition of the existing station that was constructed in 1929 and to expand the facility for an updated fire/emergency medical services station. Additionally, funding is being sought to assist with the construction of the station itself as it relates to key areas that will be used most frequently aimed at first responder health and safety, emergency coordination and daily facility functionality. This station will continue to serve nearly 30,000 residents in Tredyffrin Township and Easttown Township.

The project has a federal nexus consistent with the office of Transportation, Housing and Urban Development's mission and aligned with one or more of the purposes described in the Economic Development Initiative program, section 5305 (a) (4).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink that reads "Chrissy Houlahan".
